

The Sevierville Golf Club Tournament Series Championship

This 2017 Season The Sevierville Golf Club will be hosting a series of tournaments with different formats for all skill levels. Throughout this packet you will find a schedule of all the upcoming events this season. Also there is a flyer for each individual event. On those flyers you will find the formats for these events, entry fees, deadlines for signing up and rules for each event.

At each tournament competitors will have an opportunity to earn points based on their performance in the tournament along with the typical merchandise payouts the winners receive. Points will be awarded just for participating in the event. During this schedule we will keep a running total for all of the competitors in these events.

**Call The Golf Shop To Sign Up For Events
865-429-4223**

At the end of the season we will be giving away a GRAND PRIZE to the player with the highest point total. Other prizes will be awarded to those who came up just a little short on that list. Listed on here is the minimum that we will be giving away. With more participation we will be able to give away bigger and better prizes to more people at the end of the season.

Format: Peoria

Individual stroke play event, Peoria handicapped. Before play 6 secret holes are chosen to create a handicap. All competitors play their round in a stroke play format. After play the formula below is used to create the players handicaps to get their final scores for the event.

Sum of secret holes multiplied by 3. Take that number and subtract par. Multiply that number by .80 (round up or down accordingly). That number will equal your handicap. Subtract that number from what you shot and that is your score for the round.

Example: $30 \times 3 = 90$, $90 - 72 = 18$, $18 \times .80 = 14$, If I shot 88... $88 - 14 = 74$.

Your total after your handicap would be 74.
